U.S. DEPARTMENT OF VETERANS AFFAIRS
BALTIMORE, MD**

Prospectus Number: PMD-13-VA23
Congressional Districts: 2, 3, and 7

Executive Summary

The General Services Administration (GSA) proposes an outpatient clinic lease of approximately 112,624 net usable square feet (NUSF) for the U.S. Department of Veterans Affairs (VA), replacing a separate outpatient facility totaling 68,121 NUSF and five parking-only leases in the vicinity of Baltimore, MD.

The lease will be delegated to VA, provide continued services for the Baltimore Veteran community, and provide the necessary expansion services to meet current and projected service delivery gaps for healthcare in the local market.

Justification

A new 112,624 NUSF lease in Baltimore will replace the existing Baltimore Annex Clinic and allow for decompression of the Baltimore VA Medical Center. The new lease will also consolidate five parking leases in the Baltimore area into the full parking requirement for this lease.

The current space in these facilities is insufficient to meet the projected needs of the Veteran community. Space limitations and an increase in workload limit Veterans' access to services in a timely manner.

The new facility will enhance VA outpatient services by closing space gaps identified in VA's Strategic Capital Investment Planning process. The new lease will allow VA to provide comprehensive primary care, mental health, and specialty care services to the Veteran population in the Baltimore area in a rightsized and state-of-the-art healthcare facility.

Summary of Energy Compliance

The Government will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. The Government encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

Interim Leasing

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.
